BL 228
liavas.net

MAT 155 is a standard
3-credit first calculus
course covering:

limits,
derivative, and
integral.

Why taking calculus?

- understand mathematics and its uses better
- explore applications of calculus
- gain experience with problem solving

Considering Mathematics Minor?

MAT 155 can be counted for the mathematics minor. The minor consists of six mathematics courses. More info: Lia Vas, lvas@sju.edu

Prerequisites. Precalculus (MAT 120) or placement.
